Your first class starts as soon as you are ready.

As soon as you enroll, your lessons are mailed to you. You don't wait for classes to form. Everything is included with your course.

Set your own pace...go as quickly or as slowly as you wish.

As you complete each lesson, you send it to your instructor for grading. Then go on to the next lesson—no need to wait for the results of the previous exam. And if you want to take time off for a vacation, your lessons wait for you.

No time wasted traveling to class or listening to what you already know.

The beauty of home study is that you are a class of one. If you don't understand something, you just re-read your lessons. If you need special help, just pick up the phone and call our toll-free Home Study Hotline.

"Open Book" Examinations take the pressure out of testing.

We don't test you on how much you can remember. We show you how to find the answers you need. We believe that open-book exams—just like those many colleges use—are the best way to find out how much you can accomplish in the real world.
