Dear Friend,

Now in as little as four months, you can train at home to be a Medical Coding Specialist. Plus you can make great money—\$10 to \$20 an hour, or even more as your skills improve.

**Compare these advantages with any other profession you can train for in such a short time.**

What other job can you begin with as little as four months of training at home and earn up to \$40,000 a year, as your skills and experience increase?

**Coders earn a great income because they generate revenue for doctors!**

Think of it this way, every visit to the doctor requires properly coded documentation on special forms in order for the doctor to receive payment for his services...that's the coder's job! No wonder doctors place such high value on Medical Coding Specialists.

**Plus, if you want to work at home, you get these extra benefits...**

- You can work as much as you want because Medical Coding Specialists work full-time *and* part-time.
- Choose your own hours...morning, afternoon or night.
- You'll be your own boss, pocket all the income.
- No travel to work...save time, save money.
- Be at home when your children need you.
- Save on child care and office clothes.
- Possible tax-break opportunities.

**Enroll now and save money. No interest or finance charges on our low monthly payment plan.**

*No finance charges ever!*

We believe so strongly in our nationally accredited Medical Coding Course that we've authorized our tuition office to offer you an easy

monthly payment plan with absolutely no interest charges. Yes! You'll get everything that comes with the course—lessons, special supplements, quick reference cards, recorded audio instruction—so you can really fine-tune your coding skills as we guide you step by step. Everything is yours to use and keep forever. You get all this and much, much more including email toll-free help from your instructor!

**Employers will know that you "speak their language."**

Take this accredited course and you will know how to talk to doctors and hospital personnel. You will know how to properly code in the real world because your training includes hands-on practice sessions. You actually DO the job of a working Medical Coding Specialist with our unique simulated exercises.

**No previous medical experience needed!  
You don't have to change your daily schedule.**

Our experts have written this course for someone with no previous medical experience. Here's why it's all so easy...

- Everything is spelled out as easy as A-B-C.
- Lessons are divided into small, user-friendly sections, so you only need to study a few hours a week.
- Pictures, flashcards and recorded dictation all make learning fun—so you progress even faster. Before you know it, you'll be ready to start a great new career.
- Go as quickly or as slowly as you want. Get your Certificate in as little as four months, or take longer to finish if you wish.

**Skilled Medical Coding Specialists are in demand.  
And it's not only the money that makes this such a great career.**

Healthcare is growing at a much higher rate than most industries—***and the increased number of patients and hospital admissions means more and more work for Medical Coding Specialists.*** Plus just think of the satisfaction you'll get working with doctors and other professionals in the medical field. As a Medical Coding Specialist YOU are a vital part of the medical team.

**Be a HOME-BASED Medical Coding Specialist...**

Many Medical Coding Specialists work at home—in fact, a recent issue of the journal of the largest professional coders association states that *"(because of) the shortage of trained Coding professionals, home coding is on the rise."* But remember, if you prefer to work in an office you can do that as well!

**Work full-time or part-time. Work a flexible schedule.**

Medical Coding is a great career with all kinds of advantages. If you work at home, you can work the hours that are convenient for you. Also, you can work full-time or part-time. So after you get your Certificate, you can keep your present job if you wish. Make extra money doing medical coding part-time and build your income as quickly or as slowly as you want.

As your speed, accuracy and experience increase and you gain confidence, you'll know when you're ready to switch to a full-time

schedule. Then you could be on your way to making the kind of money our outstanding graduates earn.

**Americans visit physicians' offices  
more than 800 million times a year...**

And nearly each and every visit to the doctor requires properly coded documentation in order for the doctor to receive payment for his services. *With so many patient visits a year, it's not surprising that Medical Coding is projected to grow at a higher-than-average rate now and well into the future.*

**We're so sure you'll be able to master this course  
that we make this ironclad, no-questions-asked, Money-Back Commitment.**

Send your small down payment with your enrollment agreement and we'll send you the first lesson package by return mail. Take up to seven full days to inspect it. See how easy it is to follow the lessons.

If, at any time within seven days after you receive your first lessons, you aren't 100% sure you can make good progress and enjoy a wonderful career, just call our toll-free number. Tell us you don't want to be a Medical Coding Specialist and cancel your enrollment.

You won't owe a single penny more and we'll refund your down payment in full. No questions asked!

**Have a question? We have the answer!**

With U.S. Career Institute, you are never alone. If you ever have a question or need some help, just send us an email or call us on our toll-free Home Study Hotline. Our instructors are available year-round and will be happy to provide you with the authoritative answer you're looking for. Your success is our top priority!

In addition to your lessons, you receive flashcards, reference books, special supplements and much more...

**HERE IS JUST A SMALL SAMPLE  
OF WHAT YOU GET!**

#### **Terminology Pronunciation Instruction**

Our audio instruction makes it simple to learn the correct pronunciation of important medical terms.

#### **Handsome Binders**

These binders make it easy to keep your lessons organized and quickly available as you progress through the program. You'll also use them for reference when you graduate and actually begin working as a Medical Coding Specialist.

#### **Human Anatomy Quick Reference Cards**

Clear and easy-to-follow picture cards help you learn everything you need to know about anatomy and physiology. It's all illustrated so you actually see the whole picture. Plus you receive special supplements, a unique

Jobs Finder Guide, instruction on diagnostic and procedural coding and much more. You'll use it all in your course and when you start working.

**Unlimited toll-free career support  
after you graduate!**

Our instructors are available to help you year-round during your training AND after you graduate. Just email us or call our toll-free Home Study Hotline. You can talk to our grad counselors and get expert advice on everything from resumes to interviewing skills.

**NOW YOU HAVE ALL THE FACTS!**
